

Anthony Bosio

701 Waterview Dr. • Palm Springs, FL 33461
(561) 670-1879 • www.abosio.com

Objective

I am seeking employment in an creative environment where I can utilize my wide range of skills to produce designs that communicate on the web or in print.

Experience

Lynn University:

Web & Multimedia Developer – August 2006-Present

- Developed internal and external web sites for a variety of university programs for students and staff

VistaGraphics, Inc.:

Lead Artist & Web Designer - October 2002 to May 2006

- Created compelling print advertising for diverse client base in more than 10 regional markets
- Designed and developed web sites for advertising clients
- Redesigned company flagship sites (VGnet.com and HamptonRoadsMagazine.com) introducing XHTML, CSS, MySQL and PHP to the company
- Created company's first click-tracking tool so Account Executives can demonstrate success of web links to advertisers

PGA Interactive (PGA.com):

Producer - March 1999 to May 2002

Starting position: Associate Producer

- Designed nationally publicized preview sites for major golf events
- Implemented two site-wide redesigns of PGA.com
- Set up and maintained first in-house dedicated video server and produced streaming video content
- Managed ad server, implement ads and run ad reports
- Produced weekly issues of members-only PGAmagazine.com companion to monthly print publication
- Produced cybercast content on-site at major PGA tournaments, including digital photography
- Provided traffic reporting

The Professional Golfers' Association of America:

Graphic Designer - February 1997 to March 1999

- Designed and produced a wide variety of print materials from full-color booklets and direct mailers to forms and ticket stubs
- Prepared jobs for commercial printer and reviewed proofs
- Maintained department's Macintosh computers
- This was a long-term position held through Aquent (Formerly MacTemps)
